April 2014

Hello again,

Are you ready for the **Spring Show on Saturday 12th April?** With an early start to spring the complete opposite to last year, will we have any daffodils to show? The snowdrops have been marvellous, Hellebores have been flowering a while, Hyacinths are advanced, my plum tree was in flower in the second week of March, I am eating rhubarb - not forced, Magnolia trees and camellia shrubs look bright and beautiful. Hurray for the Tulips they should be at their best for showing. The sections for outdoor cut flowers and spring baskets or trugs should do well as gardens are blooming, so let's have plenty of competition please on the 12th April. Just imagine the display of colour!

Thank you for the support and help of Pat and Lisa Webb, for three years of getting the Newsletters printed and posted to us all.

Chairman's Report year 2012-2013: The committee decided it was time for a new logo which I designed and is now used to promote all our events and literature. The Spring Show and plant sale on 13 April 2013 at All Saints, Child's Hill, attracted a reasonable amount of people and HHS member Dr Russell gave a talk on daffodils. The May 18 Plant Sale at St Mark's, Hamilton Terrace, raised some much needed funds. Thanks to Gerlinde for obtaining this venue for us and providing us with a place to meet for our committee meetings.

There were two coach trips: the first in May to Batsford Arboretum and Sezincote House, the second to Copped Hall near Epping and Beth Chatto's gardens near Colchester. In June we had a 4-day coach trip to the Gardens of the Loire via Eurostar with a Brightwater leader. In July we enjoyed the annual garden party at Gerlinde Kathuria's house in Hamilton Terrace. The Autumn Show on 21 September at All Saints Child's Hill included a talk on

Preparing for Winter by Mike Jackson of the Camden Garden Centre.

Our annual Prizegiving on 3 November was followed by a talk on orchids by Frances Queseda Pallares. At the end of 2013 our membership stood at 142 and 83 members have renewed so far for 2014. We do need more members and also volunteers for the committee. Thanks to Margaret Scanlon for taking over as membership secretary. Thanks also to Moira Latham who looks after our database and is working to improve our website.

This winter I designed a new HHS Handbook to contain details of shows and events during the year and the society's rules, which means we can cut down on the size of the newsletters. Thanks to Mary Betts and Anne Rowe for their work in helping to produce the Handbook which was sent out with the January newsletter. Also thanks to Pat and Lisa Webb for their help in printing and sending out the newsletter for the past three years.

Finally thanks to all the committee for their help over the past year and to all our members for continuing to support the society.

Treasurer's Report – The Income and Expenditure accounts for the year ended December 2013 were presented and approved at the AGM and will be printed in the July Newsletter.

Rule change. The following rule change at the end of Rule 3 was agreed unanimously:

The committee shall have the right to deselect or oppose membership to any person whose actions are considered detrimental to the society or who brings the society into disrepute.

Talk: Thyme in the Wild by Margaret Easter, holder of the National Collection of Thyme, has been growing and researching this aromatic herb for 20 years and is one of the world's leading authorities on the thymus

species and has written several books on the subject including the Thymus Handbook. She has a back garden nursery at her home in Harpenden and a NGS Open day at her home on Sunday 8 June from 2 to 5.30 pm.

HHS MEMBERS FORUM SECTION

HHS Members – We urgently need new committee members to join, not all committee members have specific duties/role to fill, you attend meetings with new ideas, getting to know and just being a support is all that is required, give it a go. When you are ready to pitch in, the opportunity is there.

Do you know anyone who might like to advertise in the Newsletter at a very reasonable rate?

The Shows and Plant Sales need to be supported by more members, and it would be wonderful to see more members exhibiting at the Shows.

There are members who would like help in maintaining their gardens. Does anyone know of ways and means and lower costs than regular gardeners? please Email Mary.

Home made cakes for the shows would be very much appreciated, please ask for cost if you are not donating. Also unwanted gifts for the raffle most welcome.

Deadline for the July Newsletter is 20th June 2014.

Waterlow Park is a trust - a stand-alone charity - as a consequence of Sir Sydney Waterlow's original bequest. Camden is its sole trustee.

Lauderdale House is a much valued local arts and educational centre and events venue with a Café for visitors, and hard working garden volunteers celebrate the bequest of land for the Park from Sir Sydney Waterlow, which took place 125 years ago on 16th December 1889 and a second celebration will take place in 2016 to commemorate the formal opening of the Park in 1891.

Volunteering and horticulture: contact Patricia on 07710 312 105 Information www.waterlowpark.org.uk.

Kitchen garden: The local community organisations that manage the ten raised beds in the garden have

demonstrated over the past season that vegetable growing can be enjoyable and productive.

Orchard: the community orchard had a good first year – with 13 trees planted and only one lost. The Red Windsor apple tree died of unknown causes in mid-summer and will be replaced with a pear tree during the winter 2013.

Walk across the lake to the Rose Garden. And if you like the wild side there is a section fenced off with a path around as an educational interest.
